

2026 Tri-State SARE Project Webinar Series
Webinar 2: Tuesday, March 10, 2026
10 am to 12 pm

*Forage composition and quality
for optimal carcass performance*

Meet the Speaker:

Meghan Gennings
University of Massachusetts

Meg Gennings is a PhD candidate in the Plant and Soil Sciences Department and an instructor in the Veterinary and Animal Sciences Department at the University of Massachusetts Amherst. Her research and teaching focus on pasture and forage management in grazing livestock systems, with particular emphasis on how forage species composition and quality influence animal performance and carcass outcomes in the Northeast.

**The webinar is open to service providers and farmers.
Free to attend. Register in advance.**
